

## Autumn Splendor Rose

*Rosa 'Autumn Splendor'*

Height: 3 feet

Spread: 3 feet

Sunlight:

Hardiness Zone: 5b

Group/Class: Miniature Hybrid

### Description:

Beautiful eye catching colour gets noticed on this very popular hybrid; the prolific bush provides continuous blossoms of yellow petals that are edged in a deep coral; hardy and compact with beautiful deep green disease resistant foliage

### Ornamental Features

The Autumn Splendor Rose features showy lightly-scented double yellow flowers with coral-pink edges at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The oval compound leaves do not develop any appreciable fall color.

### Landscape Attributes

The Autumn Splendor Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. It is a good choice for attracting bees to your yard. It has no significant negative characteristics.

The Autumn Splendor Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

### Planting & Growing

The Autumn Splendor Rose will grow to be about 30 inches tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 30 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.
